

POLICY FOR SUSPENSION AND WITHDRAWAL OF RATING

Withdrawal/ Maturity:

Rating(s) are 'withdrawn' in situations where the rating agreement is cancelled and/or cessation of the business operations of an entity. Ratings are categorized as 'matured' when the rated issue/fund reaches its maturity and fully redeemed.

Suspension:

In the event that JCR-VIS deems that as a result of lack of cooperation with regards to the provision of information or for any other reason, it is not possible to assess the current status of the assigned rating(s), the same will be suspended and appropriate notification of the action will be made in case it was previously a publicly announced rating.
